

EFG WILL LAUNCH THE CONTINUE TABLE

EFG presents Continue, a meeting table designed in collaboration with Norwegian design duo Berg & Hindenes. The simple, stylish table will be launched in EFG's showroom on 19 May.

Together with design duo Berg & Hindenes, EFG has created the Continue table, which can be built to any length using few parts. Scandinavian form, function and flexibility come together in this table with its charismatic legs and distinct character. Continue will be launched in the EFG showroom at Jakobsbergsgatan 22 on 19 May, where Berg & Hindenes will also be present.

"The inspiration for Continue comes from longboards and surfing. Playful design features impart unique character, while its simple expression allows the table to resist visual wear and tear over time", says Steinar Hindenes at Berg & Hindenes.

Its flexible design allows the table to fit in well in any setting. Continue is available in various sizes, shapes and designs with table tops in wood, linoleum, HPL or laminate and with metal legs painted in black, white or silver. Table tops, legs and edging available in other colours on request.

"Continue lets you create many kinds of tables for every type of meeting. The table exudes modern minimalism and features elements of iconic Memphis style. Having few legs, the table creates a spacious impression and makes furnishing easy", says Andreas Mattisson, Manager Product Development at EFG.

No registration is required for the launch event in the EFG showroom, but the number of spaces is limited. Please contact us if you have any questions or would like to book a time. Continue will be available for sale from 19 May.

In brief

- Available in two heights (730 mm and 900 mm)
- Table top in straight or rounded shapes
- Straight or bevelled edges
- Available with FSC® certified wood table tops (FSC-C009111)

ABOUT EFG

The Swedish furniture company EFG has been producing high-quality, durable furniture for more than 135 years. EFG upholds form and function in our Scandinavian heritage and creates smart interior solutions that encourage people to work, meet and socialise. By designing flexible, long-lasting products, EFG drives the development of recyclable furniture and creates beloved products that are designed to last and be cherished. In line with EFG's design philosophy, the products feature a layer-by-layer design that allows components and upholstery to be replaced and repaired, making them easy to update over time.
